OUR MISSION

“Enlivened by the Holy Spirit, we advocate Peace and Justice for the Common Good in light of the Social Mission of the Church.”

The Sisters of Social Service are women of many cultures. Wanting to fulfill the social mission of the Church, SSS count on the presence of the Spirit of God in engaging with all human beings – ranging from political and legislative systems to caring for the health and well-being of families, especially women and children on every level of society to bring justice into the lives of all. Following the teachings of Jesus in the Gospel, the SSS engage with and on behalf of those who are alienated, struggling, or living in poverty. The rights of all peoples to live in dignity, free from violence, racism, sexism and coercion of every kind is at the heart of our work and of our justice commitment.

OUR CHARISM

The charism of the SSS is firmly rooted in the dynamic presence of the Holy Spirit at work within each sister as she engages with the larger community in making decisions that take us into places and situations where we are being led. The spirit of St. Benedict accompanies us, calling forth our desire to challenge injustice in society’s systems as well as working one on one to address the dearth of human needs that plague so many who live in poverty. Joy invites us into community – this translates into the gift of hospitality as we welcome others to join with us in challenging the negativity and chaos that are disrupting our world.

*“Ours is a
pioneering spirit.”*
